Praxair Releases 2020 Sustainable Development Targets

DANBURY, Conn., June 23, 2016 – Praxair, Inc. (NYSE: PX), a recognized global leader in sustainable development, today announced its third generation of five-year Sustainable Development Targets (SD 2020 Targets).

The targets support the company’s long-term strategy, setting out relevant areas and measurable key performance targets that will help drive long-term value creation. The areas include: Safety, Compliance, Product Stewardship, Energy & Climate Change, Sustainable Productivity and People Development.

“At Praxair, sustainable development is ingrained in our culture and supported across our entire business,” said Praxair Chief Sustainability Officer Dr. Riva Krut. “For 2020, our 24 targets are comprehensive, consistent with our mission of making our planet more productive and are being achieved through continuous performance improvement.”

More information about the company’s SD 2020 Targets can be found in the Sustainable Development section of the Praxair website at <http://www.praxair.com/our-company/sustainable-development/targets-and-performance>.
